Mr. Fred J. Scuncio  
Vice President of Sales  
303 PRODUCTS, INC.

**Subject: 303 Fabric & Vinyl Cleaner – by 303 Products, Inc.**

Dear Fred:

You may recall visiting with me during the METS fair in Amsterdam. The analysis of your 303 Fabric & Vinyl Cleaner has now been completed, and a copy of the results is listed below for your files. As such, I will recommend to the general trade that your product can safely be used in conjunction with vinyls produced and distributed by the Proquinal/Spradling group.

Thank you for your assistance in coordinating the samples, and I am sure that you will be well pleased with this validation. Please feel free to contact me, as you wish.

Warmest regards,

Mark E. Goldstone  
President  
SPRADLING INTERNATIONAL, INC.  
Pelham, Alabama 35124 [www.spradlingvinyl.com](http://www.spradlingvinyl.com) [www.spradlingeue.de](http://www.spradlingeue.de)

 Each person in the United States consumes almost 6 trees worth of paper per year. Please think before you print.
